The WESCO | Anixter Distinction

WESCO | Anixter is not simply a supplier of product. Whether you are looking for a solution for an application, technical intelligence for finding a product, or want to know the latest technology in the industry, we can put you in touch with sales specialists who are subject matter experts in their field to assist you in making the best decision for specific applications.

From your day-to-day needs to scaling for your largest projects and programs, know that you can count on us. Our vision is to be the best tech-enabled supply chain solutions provider in the world. You can rely on WESCO | Anixter to help you get **MORE+**.

The Anixter Expertise

Technology & Support Services (TSS) Team – Provides technical insight and expert advice to define innovative solutions and services.

Wireless Team – Assists with product selection from our complete lineup of cutting-edge, carrier-approved products from best-in-class manufacturers to help you choose the best solution for your specific needs.

Power Solutions Team – Helps meet the unique demands of the energy sector, including reliability, regulation, security, safety and storm and event response challenges, while also improving labor and supply chain efficiency.

Locking Solutions Team – Identifies deployment and installation services that will help you improve efficiency on the jobsite and increase your cashflow.

WES Energy Team – Helps you optimize energy savings with EV Charging, LED Lighting and Solar solutions.

Pro AV Team – Keeps up with the everchanging AV landscape to help you meet the new demands of your customers.
