

Introducing New and Improved iPatch® Evolve Panels and Upgrade Kits

Global Communication

CommScope announces new and improved iPatch Evolve panels and upgrade kits; available August 2015. At the same time, CommScope announces the discontinuation of the original iPatch Evolve panels and upgrade kits. No new orders will be accepted on the discontinued MIDs. The new and improved iPatch panels and upgrade kits are direct replacements for the original offering.

Improvements include:

- Increased label space
- Backward compatible
- Direct replacement for current product
- Miscellaneous firmware and sensing improvements

Ordering Information:
