

# RE-IMAGINED, RE-ENERGIZED AND READY TO RE-WRITE THE RULES

Disruptive demands in the enterprise network (think hyperconnectivity and migration to the edge, for starters) are re-defining infrastructure requirements. You need equally disruptive solutions—innovative, agile and sustainable—with standards-shattering performance and 360-degree support.

**Welcome to SYSTIMAX<sup>®</sup> 2.0.**

## SYSTIMAX 2.0

The SYSTIMAX 2.0 portfolio is the next generation of the industry's most iconic brand, built on nearly 40 years of industry-changing innovation and ongoing customer dialogue and fueled by a passion for relentless innovation, superior performance, holistic sustainability and unwavering customer support. Our expanded portfolio redefines your possibilities while our vision and guidance ensure your success.

### An expanded, future-ready portfolio

**When we asked our customers about their key concerns, they answered:** managing rapid change, improving sustainability, and ensuring premium performance and support.

**The SYSTIMAX 2.0 portfolio is our response to those concerns.** It consists of five key pillars: Copper, Fiber, Network Intelligence, Edge/Extended Distance Solutions, and SYSTIMAX Assurance.

<b>Copper</b>	
<b>Existing:</b> GigaSPEED <sup>®</sup> XL, GigaSPEED <sup>®</sup> X10D	<b>NEW! GigaSPEED XL5<sup>™</sup>:</b> A unique solution that supports 2.5 and 5 GbE applications up to 100 meters
<b>Fiber</b>	
<b>Existing:</b> LazrSPEED <sup>®</sup> OM4, LazrSPEED OM5, TeraSPEED <sup>®</sup> OS2, FiberGuide <sup>®</sup> , high- and ultra-density panels	<b>NEW! Propel<sup>™</sup>:</b> Modular, ultra-low-loss fiber platform with the agility and headroom to support 400G, 800G, 1T and beyond
<b>Network Intelligence</b>	
<b>Existing:</b> imVision <sup>®</sup>	<b>NEW! VisiPORT<sup>™</sup>:</b> Automated, real-time monitoring and notification of port status and capacity
<b>Edge/Extended Distance Solutions</b>	
<b>Existing:</b> Powered fiber cabling	<b>NEW! Constellation<sup>®</sup>:</b> Edge-based power/data platform that delivers 10X more power and 5X longer distances than traditional LAN/IP networks
<b>Customer Support</b>	
<b>Existing:</b> 25-Year Extended Warranty, Applications Assurance, WebTrak <sup>®</sup> online performance results	<b>NEW! SYSTIMAX Assurance<sup>™</sup>:</b> All existing SYSTIMAX support plus online training, 24/7 live tech support and more, for blanket protection, and unprecedented peace of mind

### Re-imagined, re-energized and ready to re-write the rules.

Fueled by relentless innovation and customer commitment, SYSTIMAX 2.0 reimagines the possibilities. We strive to be there with the ground-breaking solutions, standards-defining performance, and 360-degree support needed to solve any challenge and overcome any obstacle.
