## STRUCTURED MEDIA™ CENTERS
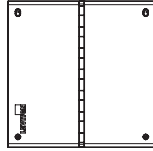

**14" Series**

NEW 14" Plastic Series Wireless Structured Media Center (14" x 14.26" x 3.42")
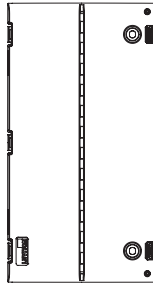

Enclosure with Vented Cover	49605-140
Enclosure with Vented Hinged Door	49605-14P
Enclosure Only	49605-14E
Vented Hinged Door	49605-14S
Enclosure, Bulk Pack of 12	49605-14G
Vented Hinged Door, Bulk Pack of 12	49605-14B
Vented Cover, Bulk Pack of 12	49605-14F
Trim Ring Accessory	49605-14T
Add-on Lock and Key	5L000-L0K

The 14" enclosure creates a single distribution point for all low voltage cables in an apartment, condo, or small home, accommodating basic residential networking systems and accessories.

Plastic construction allows for RF transparency, extending and improving Wi-Fi® coverage.
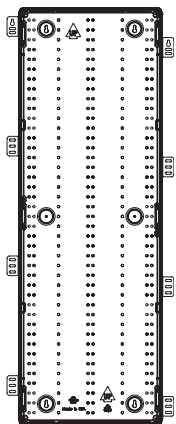

28" Series

NEW 28" Plastic Series Wireless Structured Media Center (28" x 14.26" x 3.42")

Enclosure with Vented Cover	49605-28W
Enclosure with Vented Hinged Door	49605-28P
Enclosure Only	49605-28E
Vented Hinged Door	49605-28S
Enclosure, Bulk Pack of 6	49605-28G
Vented Hinged Door, Bulk Pack of 6	49605-28B
Vented Cover, Bulk Pack of 6	49605-28F
Trim Ring Accessory	49605-28T
Add-on Lock and Key	5L000-L0K

The 28" enclosure serves as command central for virtually all technology including home networking, Internet, satellite video, camera, VoIP, telephone, intercom, and audio. It is ideal for homes with more advanced multimedia needs and provides for future growth.

Plastic construction allows for RF transparency, extending and improving Wi-Fi coverage.

42" Series

**NEW 42" Plastic Series Wireless Structured Media Center** (42" x 14.26" x 3.42")

Enclosure with Vented Hinged Door	49605-42P
Enclosure Only	49605-42E
Vented Hinged Door	49605-42S
Enclosure, Bulk Pack of 6	49605-42G
Vented Hinged Door, Bulk Pack of 6	49605-42B
Trim Ring Accessory	49605-42T
Add-on Lock and Key	5L000-L0K

The 42" enclosure is extra long to accommodate extensive voice, data, audio, and video equipment in larger homes or small businesses, and to provide maximum room for expansion. It accommodates a wide variety of modules for home networking, DSL, Internet, satellite video, camera, VoIP, multi-line telephones, intercom, audio distribution, and volume controls.

Plastic construction allows for RF transparency, extending and improving Wi-Fi coverage.
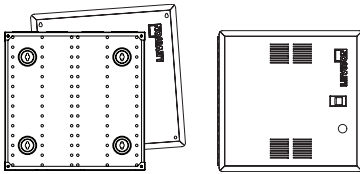

**14" Metal Series Structured Media Center** (14" x 14.38" x 3.60")

Enclosure with Flush-Mount Cover	47605-140
Enclosure Only	47605-14E
Flush-Mount Cover	47605-14C
Enclosure, Bulk Pack of 6	47605-14G
Flush-Mount Cover, Bulk Pack of 6	47605-14B
Hinged Door	47605-14D
Premium Hinged Vented Door	47605-14S
Add-on Lock and Key	5L000-L0K

The 14" enclosure creates a single distribution point for all low voltage cables in an apartment, condo, or small home, accommodating basic residential networking systems and accessories.
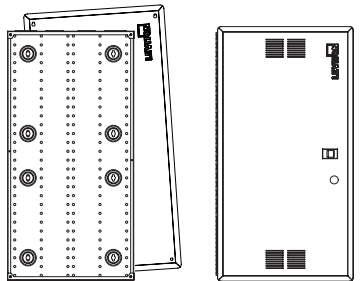

14" Series

21" Metal Series Structured Media Center (21.10" x 14.38" x 3.60")

Enclosure Only	47605-21E
Flush-Mount Cover	47605-21C
Premium Hinged Vented Door	47605-21S
Add-on Lock and Key	5L000-L0K

The 21" enclosure is ideal for voice, data, audio, and video distribution in condos and smaller homes, and provides additional room for larger modules and extra equipment.
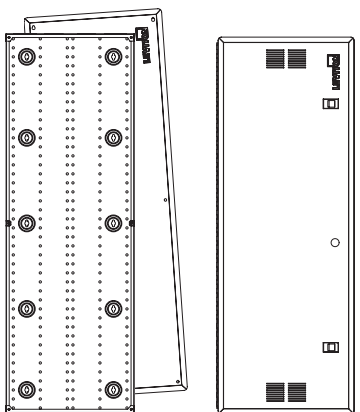

21" Series

28" Metal Series Structured Media Center (28" x 14.38" x 3.60")

Enclosure with Flush-Mount Cover	47605-28W
Enclosure Only	47605-28N
Flush-Mount Cover, Bulk Pack of 3	47605-28G
Enclosure, Bulk Pack of 3	47605-28B
Flush-Mount Cover	47605-F28
Hinged Door	47605-28D
Premium Hinged Vented Door	47605-28S
Add-on Lock and Key	5L000-L0K

The 28" enclosure serves as command central for virtually all technology including home networking, Internet, satellite video, camera, VoIP, telephone, intercom, and audio. It is ideal for homes with more advanced multimedia needs and provides for future growth.
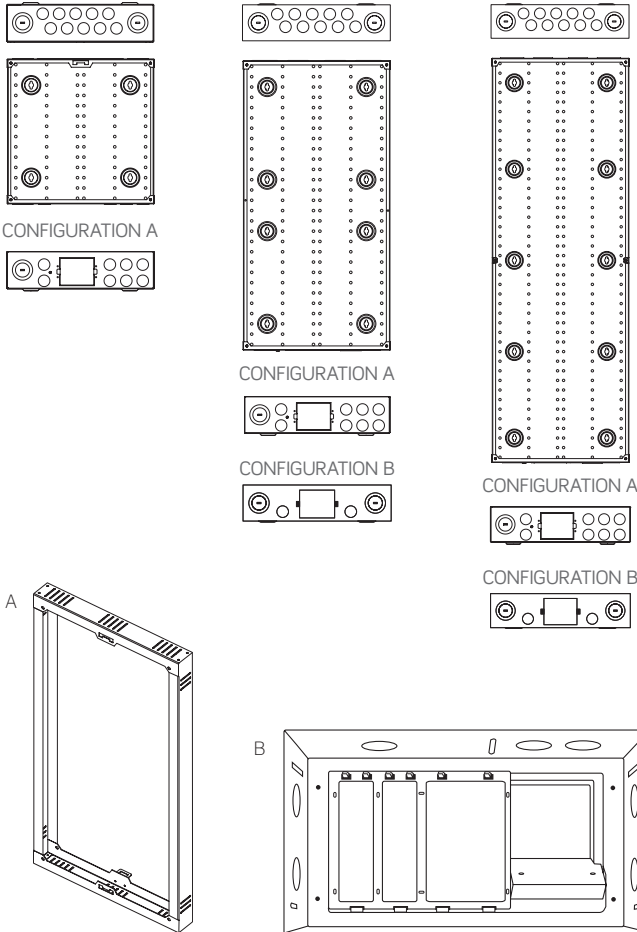

28" Series

42" Metal Series Structured Media Center (42" x 14.38" x 3.60")

Enclosure with Flush-Mount Cover	47605-42W
Enclosure Only	47605-42N
Flush-Mount Cover	47605-F42
Hinged Door	47605-42D
Premium Hinged Vented Door	47605-42S
Add-on Lock and Key	5L000-L0K

The 42" enclosure is extra long to accommodate extensive voice, data, audio, and video equipment in larger homes or small businesses, and to provide maximum room for expansion. It accommodates a wide variety of modules for home networking, DSL, Internet, satellite video, camera, VoIP, multi-line telephones, intercom, audio distribution, and volume controls.

**SPOTLIGHT**   Wireless Enclosure Connected Multi-Bay System

FRONT
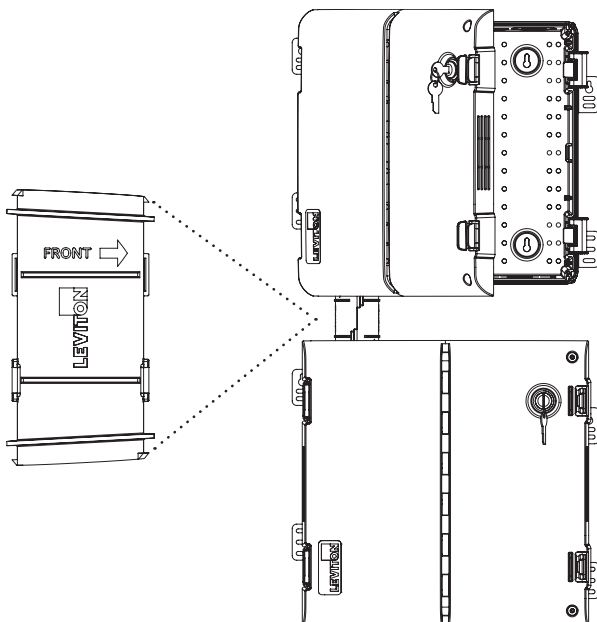

Use the easy-to-install Multi-Bay Attachment Tube between two or more Wireless Structured Media Center Enclosures to create a secure, fully isolated location for service provider equipment.

- Isolates service provider equipment from end-user connectivity and controls for better security.
- Heat separation and containment keeps equipment in both enclosures cooler and more efficient.
- Works with any size Wireless Structured Media Center. Include Lock and Key for added security on one or more of the connected enclosures.

Multi-Bay Attachment Tube	49605-TUB
14" Enclosure (order with Vented Cover, Vented Hinged Door, or Enclosure Only)	49605-14*
