

GROUND 1

Grounding Solutions

- Reliable grid grounding systems that meets the latest IEEE standards.
- Lowers installation time to help with the accelerated development schedules.

CTAPR Series Grounding Connector

Figure 6 Style Grounding Connector

Mechanical Connector Split Bolt

Grounding and Fence Clamps

CONNECT 4

Power Connector Solutions

- Reduce installation time with our aluminum and copper power connectors.
- Designed to meet all applicable standards and can be crimped with a wide variety of competitors' tools and still maintain UL listed.

Aluminum and Copper Lugs

Aluminum Splice Lugs

Braided Bonding Strap

Loose Piece Ring Terminal

ROUTE 2

Cable Management Solutions

- Reduce installation time and improve the operating life of wire and cables in harsh environments.

Weather Resistant Nylon 12 Cable Ties

Cable Cleats for Medium Voltage Trefoil Configuration

Metal Edge Clip

Cable Cleats for Medium Voltage 2-Hole Configuration

Plastic Edge Clip

PROTECT 5

Safety Solutions

- Panduit's electrical safety business is focused on innovating groundbreaking new electrical safety technology that reduces risk, increases safety, and helps industry leaders achieve operational goals.
- VeriSafe™ is the first-of-its-kind voltage tester that determines the absence of voltage with just a push of a button.

VeriSafe™ – Absence of Voltage Tester (AVT)

Electrical Tape

Data Access Port

IDENTIFY 3

Identification Solutions

- Designed and tested to perform for 20 years in outdoor environments.
- Pre-printed and print-on-demand labeling enables NEC compliance solutions.

MP300 Mobile Printer

Arch Flash Labels

TDP43ME Desktop Printer

PTM-C3500 Ink Jet Printer

COMMUNICATE 6

Communication Solutions

- The Panduit intelligent data center solution encompasses data center advisory services, intelligent software and hardware, energy efficient cabinets, pre-configured infrastructures, physical infrastructure foundation, and high-speed data transport (HSDT) copper and fiber cabling.
- Solutions are modular, scalable, and agile, fully supporting the introduction of state-of-the-art network architectures today or in the future.
