Conference Room as a Service

Subscription-Based Conference Systems

Supporting your team with state-of-the-art collaboration systems has never been easier. With Conference Room as a Service, Wesco Anixter provides the hardware, support, remote monitoring portal and advance replacement warranty through an easy-to-budget monthly subscription. We offer a variety of packages designed to support most meeting spaces for up to 30 people.

Subscriptions include

- Hardware
- Remote monitoring
- Live support
- Advance replacement

Each conference device has a QR code you can scan to connect with on-demand, live support, 24/7.

Simple, Reliable, Flexible, Secure and Easy-to-Budget

Easy to budget

Wesco Anixter offers flexible payment options and terms so you can better manage your cash flow while supporting your team with quality conferencing systems.

Remote monitoring

Log in to your account and access your dashboard to review your subscriptions, view room status, availability and issue help tickets.

Secure

We provide enterprise-grade solutions that are ideally equipped for any corporate, education, healthcare or government facility.

For any space

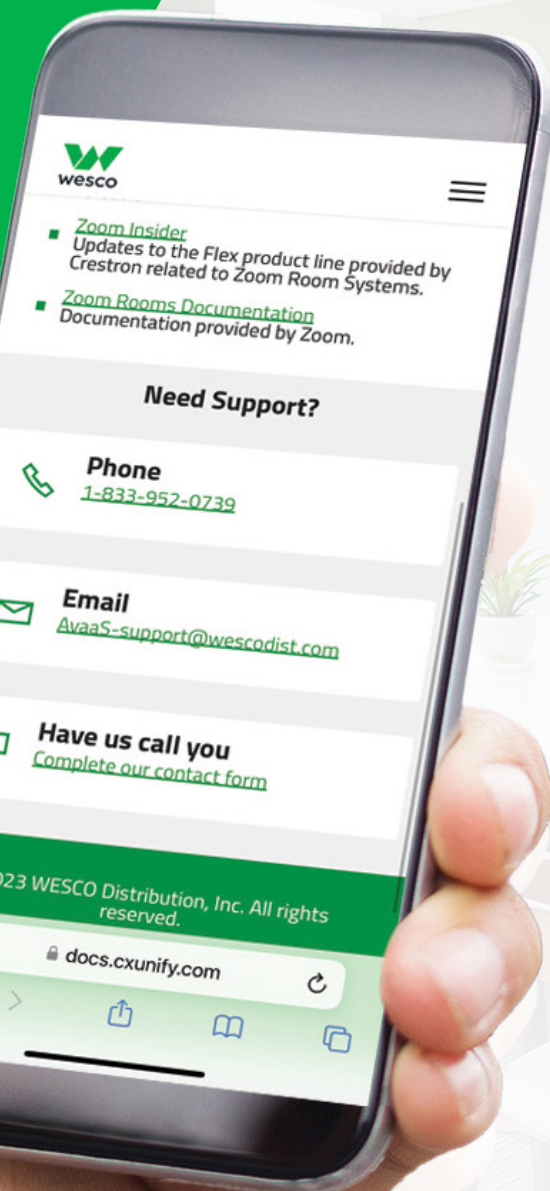

We offer packages that support small meeting spaces and larger conference rooms for up to 30 people.

Simple collaboration

Collaborate on your preferred platform and bring out the best in your meetings. Simply join the meeting in Teams or Zoom to share content, video and audio.

24/7 world-class support

Advance replacement and 24/7 live, on-demand support are just a phone call or click away.

Collaborate Clearly and Easily on Your Preferred Platform

Select your preferred application*

Packages are available in Microsoft Teams® Rooms or Zoom Rooms™ versions. Easily share content and collaborate from any device joined on your meeting. There's no need for dongles, special software, mobile apps or separate network login. Simply sign in to the meeting and collaborate.

BYOD flexibility

If you haven't standardised on a platform, or want flexibility for guests, consider adding Bring Your Own Device (BYOD) to your package. With BYOD, guests can collaborate on the platform of their choice. The ability to plug in a laptop and connect to the room technology makes sharing content with those in the room or working remotely, easy and reliable.

* A dedicated Microsoft Teams® Rooms or Zoom Rooms™ (Standard or Premium) license is required for each room. License sold separately. Not included with your Conference Room as a Service subscription.

 Certified for
Microsoft Teams
