

## WILLEBROEK FACILITY WAREHOUSE

### The Anixter Difference

With locations in more than 50 countries, Anixter offers you the unique opportunity to optimise your electrical wire and cable supply chain through local service and support. The central distribution centre for continental Europe is located in Willebroek, Belgium, which provides a consistent global operational platform by consolidating products from around the world.

### ISO Certified 9001

Our 12,000-square-metre facility supports our business throughout EMEA and includes receiving, cutting, shipping, deployment services, quality and inventory operations.

## Corporate Snapshot

## Who We Are

Anixter is a leading global distributor of communications and security products and electrical and electronic wire and cable. We help our customers specify solutions and make informed purchasing decisions around technology, applications and relevant standards. Throughout the world, we provide innovative supply chain management solutions to reduce our customers' total cost of production and implementation.

“As specialists in our end markets, we apply laser focus to streamlining the supply chain and achieving the lowest total cost of ownership for our customers.”

Bob Eck, CEO
