

# A simple, long-reach solution for remote applications

## Ready. Set. Connect.

Powered by

### Commercial Building Application

Technology is evolving at an increasing pace, so your customers are looking for solutions that integrate easily and seamlessly.

The powerful partnership of Axis Communications and Corning brings together flexible and scalable solutions to you and your customers for maximum impact in the commercial space. From a small office building to a full-scale business complex, the Ready. Set. Connect. solution by Axis Communications, Corning and Wesco is a perfect fit to help you meet all of your customers' needs.

#### Corning long-reach solutions offer these benefits:

- Quick plug-and-play deployment and no LAN configuring needed.
- Extended network beyond the 300-foot limitation of traditional networks to enable remote devices.
- Deploy IP devices—like cameras—inside or outside the building, including parking lots, garages, perimeters and other areas with unplanned connectivity.
- Ready. Set. Connect. provides adaptability for upgrading to a fully managed solution as network needs grow.

#### Axis network solutions for safer and more efficient facilities enable you to:

- Remotely protect indoor and outdoor facilities with solutions that help you, say and do more.
- Safeguard facilities from unauthorized intrusion from outer perimeter to inner core.
- Monitor and regulate tenant, visitor and staff flow securely and efficiently.
- Reduce costs associated with security staff, energy consumption and other resources.
- Deploy solutions meeting the needs of today while creating new opportunities for the future.
