Project Efficiency Application

Technology is evolving at a faster pace every day with each innovation, so your customers are looking for solutions that integrate easily and seamlessly.

The powerful partnership of Axis Communications and Corning brings together flexible and scalable solutions to you and your customers for maximum impact in project efficiency. From a small office building to a full-scale business complex, the Ready. Set. Connect. solution by Axis Communications, Corning and Wesco is a perfect fit to help you meet all of your customers' needs.

Tight project schedule?

- Put an end to building piece-part solutions from multiple sources
- Avoid coordinating multiple trades
- Easily design the specific solution you need with a full suite of intuitive tools

No remote connectivity?

- Quickly deploy your infrastructure beyond 2,000 feet and easily set up your network with this simple connectivity solution
- No special certification required

Maxed out pathways?

- Eliminate single-purpose infrastructure and overcome space constraints with streamlined infrastructure that can scale for day 2 technology needs

Unplanned costs adding up?

- Save up to 50% on network deployments
- Reduce IDF closets, local power and pathways
- Optimize storage and bandwidth needs for each device
