

Perimeter Protection Solutions for Parking Facilities

Expertise to Support Your Perimeter Protection Needs

Many parking structures are secured facilities that are required to protect people, vehicles and revenue. Wesco Anixter can help you provide a safe environment for all with a secure perimeter layer. Our solutions can integrate access control, security gates and IP cameras with communications technologies such as digital signage, intercoms, paging and emergency phones.

Perimeter Protection Solutions:

- IoT/IIoT solutions
- Physical security
- Professional A/V
- Safety

Technology is a necessity for a parking facilities infrastructure and it can be leveraged to transform the way people park. Our customer-centered approach to parking facilities solutions are designed to ensure the security, safety and efficiencies that modern lots and structures require and drivers demand.
