PRODUCT SOLUTIONS BRIEF

# AXIS COMMUNICATIONS

## DATA CENTRE RISK MANAGEMENT

Through our strong global partnerships and alliances with manufacturers such as Axis, we are able to present you with the following offering to meet your specific data centre requirements.

**Axis Data Centre Clear Zone Network Cameras**
The second layer of data centre physical security—the clear zone—is needed to protect critical electrical and mechanical areas, such as the primary power plant, power wires running into the facility and backup areas that house generators and fuel tanks.

Axis has a complete line of high-resolution network cameras with a wide field of view designed for outdoor use in all lighting conditions, allowing you to capture details without missing the big picture.

AXIS P14 Series is ideal for outdoor, 24/7 video surveillance.

### CHALLENGE SOLVERS

- Protecting mission-critical infrastructure
  - Axis Cross Line Detection spots moving objects that cross a virtual line, making it possible to automatically trigger an event.
  - Axis network cameras bring the advantages of HD, megapixel and network technologies to your data centre surveillance application.
- Wide area surveillance
  - Panoramic and high-resolution cameras capture activity in large areas.
  - P-Iris provides an automatic, precise iris control that improves contrast, clarity, resolution and depth of field.
- Challenging lighting conditions
  - Axis Lightfinder technology-enabled cameras can maintain image colour quality in dark conditions.
  - Wide dynamic range (WDR) handles a wide range of lighting conditions in a scene to enable objects in both bright and dark areas to be visible.

### THE ANIXTER APPROACH

Six Layers of Physical Security – The Axis solutions on this brief focus on Layer 2:

- **Clear zone**
  Create a buffer zone between the perimeter and the facility to better detect physical intrusion.

### WHAT WE HEAR
Challenges from various data centre stakeholders:

**PROTECTING** the company's image

**ACHIEVING** regulatory compliance (HIPAA, PCI DSS, SOX, GLB)

**BALANCING** investment in both physical and logical security

**STAYING** one step ahead of adversaries

**EXECUTING** policies and procedures specific to the data centre

**Infrastructure as a Platform**
by Anixter

### THE AXIS SOLUTION

| DOME NETWORK CAMERAS | INTEGRATED NETWORK CAMERAS | BULLET-STYLE NETWORK CAMERAS |
|---|---|---|
| AXIS Q6044-E AXIS P3367-VE | AXIS Q6000-E and AXIS Q60-E series cameras | AXIS P14-E series cameras |

**anixter.com/shopaxis/emea**

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to deploying physical security infrastructure into your data centre environment.

## CONFIGURE

We help you discover and map your specific needs to the best solution.

- Resolution
- Frame rate
- Range of motion
- System integration

## BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Video management software
- PoE midspan and splitters
- Media converters
- Video surveillance control board

## DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labelling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

### CLEAR ZONE NETWORK CAMERA FEATURES

#### ✓ PTZ DOME NETWORK CAMERAS

- Electronic image stabilization— useful for windy conditions
- HDTV 720p, 30x optical zoom
- Operates in temperatures ranging from -50° C to 50° C (-58° F to 122° F)

#### ✓ BULLET-STYLE NETWORK CAMERAS

- Optimised IR technology
- HDTV 1080p, 5MP and 4K models available
- P-Iris control for optimal image clarity

#### ✓ INTEGRATED NETWORK CAMERAS

- 4 x HDTV 720p cameras
- Full 360° overview, with high pan/tilt/zoom precision
- One-click PTZ control

#### ✓ FIXED DOME NETWORK CAMERAS

- Supports WDR and Lightfinder technologies
- Uses P-Iris control to set the best iris position for optimal depth of field
- Features outstanding light-sensitivity at 5 megapixel resolution

AXIS Q6000-E provides a full 360° overview with one-click PTZ control.

**About Anixter:** anixter.com/aboutus
**Legal Statement:** anixter.com/legalstatement

For over 30 years, Anixter has been the leading global, value-added distributor of physical layer communication infrastructure solutions for office, building and campus environments. As experts in large-scale project execution, we are a trusted supplier to leading communication integrator companies and have worked with many Fortune 500 companies.
