

PRODUCT SOLUTIONS BRIEF

LEGRAND

HEALTHCARE FACILITY POWER OPTIMIZATION

Through our strong global partnerships and alliances with manufacturers like Legrand, we present you with the following offering to meet your specific healthcare facility requirements.

Outdoor Ground Box

Outdoor power by Legrand brings safe, permanent power outside to enhance the way guests and employees think of and interact with your exterior space. Legrand helps you create an environment to promote better stays, increased productivity and more positive experiences.

Legrand's Outdoor Ground Box delivers safe, permanent power to any outdoor space. The durable in-ground box has been tested to ensure safe operation in any weather condition. Ideal for healthcare settings, the Outdoor Ground Box conveniently provides power, communications and A/V while seamlessly blending into any landscape.

CHALLENGE SOLVERS

- Tested and listed by UL for use in all weather conditions all year long. The innovative "diving bell" design is NEMA 6P and IP68 rated to trap and maintain an air pocket, keeping connection points safely away from wet weather. A sturdy, lockable security cover prevents unauthorized access.
- Tractors and mowers are no problem for this ANSI/SCTE 77 Tier 5-rated ground box, which can hold up to a 5,000-lb. load. Flexible enough to meet the needs of any outdoor space, the unique modular interlocking design allows multiple boxes to be ganged together in one installation.

THE ANIXTER APPROACH

- **Facility Power**
Design scalable solutions that cater to healthcare growth and flexibility.
- **Conditioned Power**
Maintain continuous voltage and protect against surges with conditioning technology.
- **Backup Power**
Provide optimal settings for quality patient care with an always-on environment.
- **Efficient Power**
Consider highly efficient solutions that maximize power quality and minimize operational expenses.
- **Monitored Power**
Adopt an integrated power solution that can be metered, monitored and designed for continuity.

THE LEGRAND SOLUTION

POWER OPTIONS	FINISH OPTIONS	CABLE TYPES
20 Amp 30 Amp Low Voltage	Black Gray Brown	Power Communications A/V

Outdoor Ground Box Solutions

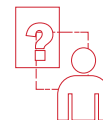

WHAT WE HEAR

Healthcare stakeholders are dealing with a variety of challenges:

Meeting **ENERGY EFFICIENT** goals

PREVENTING accidental outages

Ensuring an **ALWAYS ON** environment

Reducing **UTILITY COSTS**

Restrictions of **LEGACY ELECTRICAL INFRASTRUCTURE**

Infrastructure as a Platform
by Anixter

Infrastructure as a Platform by Anixter provides a practical, configurable and integrated approach to retrofitting or building a critical power chain in your healthcare environment.

CONFIGURE

We help you discover and map your specific needs to the best solution.

- 20A single- and two-circuit receptacles
- 30A L5-30R and L6-30R receptacles
- 2-Gang low-voltage box

BUNDLE

Your validated, preconfigured solutions are packaged and site ready.

- Outdoor charging station for facility personnel and staff

DEPLOY

Controlled, repeatable solutions are delivered on time and under budget.

- Custom packaging and labeling
- Time-sensitive delivery options
- Staged project shipping
- Tailored last-mile delivery

LEGRAND OUTDOOR GROUND BOX FEATURES

✓ POWER FOR FACILITY MANAGEMENT

- Electric vehicles
- Facility tools and landscaping equipment
- Outdoor portable power required for events

✓ POWER FOR ANY OPEN SPACE

- Hospitals
- Medical offices

The durable in-ground box has been tested to ensure safe operation in any weather condition.
